

# Increased Vitality Now Means Less Stress Later

- **Help turf establish or withstand environmental stresses**
- **Develop a more fibrous, extensive root system**
- **Enhance early plant growth and vigor**
- **Build greater shoot mass**
- **Increase uptake of soil nutrients and moisture**
- **Increase photosynthetic activity**

*Signature® Brand fertilizer — Prospect Plus® is impregnated with a proprietary nutrient solution that has shown a remarkable ability to improve vigor, quality and stress tolerance in turf, trees and ornamentals. The patented additive in Prospect Plus has been tested extensively on many crops, including turf and in laboratory, greenhouse and field studies in the U.S. and several other countries.*

*Studies consistently show a positive effect on early plant growth and development and on mature plants under stress. Sod farms results demonstrate that turf can be harvested earlier due to increased root mass and quicker establishment from seed or spigs. Mature turf has greater root mass with a noted "tighter" visual appearance and less susceptibility to stress.*

*The same benefits can be found in Prospect; a liquid micronutrient for foliar application or for use in fertigation systems.*

### Effect of Fertilizer with Prospect Plus on Creeping Bentgrass Density Ohio Turfgrass Foundation Research and Educational Center - 2000

Treatment	Rate	% Turf Density
Check		60.00
Fertilizer (46-0-0)	0.014 lb. N/1000 sq. ft.	72.00
Fertilizer (46-0-0) + Prospect Plus	0.014 lb. N/1000 sq. ft. + 48 oz./A	77.00

Seeded on August 4, 2000 with G-2 creeping bentgrass at a rate of 2 lbs. per 1000 sq. ft. Density measurements were based on % cover taken visually on 10/4/(8 weeks after treatment)

**Study Results:** "... a significant increase in creeping bentgrass establishment two months after seeding with the application of fertilizer and Prospect Plus compared to the untreated control."  
**A•22% improvement over check and more than a 12% increase over fertilizer alone!**

## Working To Enhance Our World

Loveland Products, Inc. is your source for professionals who have the technical expertise and can provide all the products you need to be a success in today's competitive market.

Always Read and Follow Label Directions.
