<i>Chrysanthemum coronarium</i>	Garland Daisy	<i>Cosmos bipinnatus</i>	Cosmos
<i>Lobularia maritima</i>	Tall White Sweet Alyssum		

Prairie Flower Medley Wildflower Mix is made up of a variety of species. These flowers were chosen to flourish in drier climates or areas that do not get moisture on a regular basis. The mix is made up of 50% annuals and 50% biennials/perennials to give a wide variety of colorful flowers for multiple years. The wildflower bed will reach a height of 36 to 48 inches under normal conditions.

Approximate seeds per pound: 748,500
