

	Herbicide	Description
Conservation & Rangeland	Broclean® HF	Control of broadleaves and thistles in alfalfa and others
	Capstone®	Milestone® and Garlon® 3A mix for weed & brush control
	Crossbow® L	Control of most types of unwanted trees and brush
	Curtail®	Broad-spectrum broadleaf weed control
	E-2®	Contains three active ingredients for broad-spectrum broadleaf control
	Escort® XP	Broad-spectrum control of woody brush and broadleaf weeds
	Garlon® 3A	Broad-spectrum brush/broadleaf control with marsh/wetland label
	Graslan® L	Control of broadleaves, woody plants, and vines
	GrazonNext® HL	Control of broadleaf and woody plants
	Grazon® P+D	Broad-spectrum brush/vine and broadleaf weed control
	Loveland® 4# 2,4-D Ester	Good general broadleaf control for early spring and late fall applications
	Milestone®	Control of Canada Thistle, Wormwood, and other broadleaf weeds
	Opensight®	Mixture of Milestone® and Escort® XP
	Panoramic® 2SL	Generic Plateau®; available in quart containers
	Pathfinder® II	Ready-to-use cut stump & basal stem for unwanted woody plants
	Perspective®	Canada Thistle & leafy spurge control in industrial sites
	Plateau®	Use in native grass/forb establishment
	Rifle® D	Dicamba & 2,4-D premix
Telar® XP	Broad-spectrum control of broadleaf weeds	
Transline®	Good for thistle control in sensitive sites	
Food Plot	Authority® First	Good residual broadleaf control in soybeans
	Avipel® Seed Treatment	Bird repellent seed treatment
	Dual® II Magnum	Good residual grass control and some broadleaf control
	Explorer®	Generic Callisto®; Residual and some contact control of broadleaves
	Facet® L	Residual and post-emergence control of grasses
	Harmony® Extra SG	Post-emergence broadleaf control in most small grains
	Makaze®	Generic to Roundup®
	Mongoose®	Generic Cobra; good burndown and contact broadleaf control
	Outlook®	Good residual grass control and some broadleaf control
	Poast®	Post-emergence control of grasses
	Pursuit®	Post-emergence control in many legume crops
	Sharpen®	Residual and contact control of broadleaves
	Starane® Flex	Contact control for general broadleaf weeds in small grain crops
	Starane® Ultra	Contact control for general broadleaf weeds
	Stinger®	Broadleaf control in selective crops
Top Gun®	Generic Flexstar®; good contact broadleaf control in soybeans	
Yukon®	Contact control for general broadleaf weeds	
Wetland	AquaNeat®	Roundup® for aquatic uses
	Aquathol® K	Controls submerged weeds in lakes & ponds
	Clearcast®	Controls cattails and common reed; easier on grasses and brush in sites
	Platoon® 2,4-D Amine	Good broadleaf control for mid-summer applications with aquatic label
	Polaris®	Good for salt cedar foliar applications
	Rodeo®	Aquatic Glyphosate; need to add in Aquatic labeled surfactant
Roundup® Custom™	Aquatic Glyphosate; need to add in Aquatic labeled surfactant	
Turf	Drive® XLR8	Post-emergence control of grasses and broadleaves in select turf grasses
	Pendulum® 3.3	Residual control of grasses and broadleaves in select turf grasses
	Speedzone®	Provides good, fast broadleaf control
	Tenacity®	Annual grass control
Adjuvants	Choice® Weather Master	Water conditioner; used primarily in hard water mixed with glyphosate
	Liberate® NIS	Surfactant, deposition aid, and drift control agent with aquatic labeling
	MSO®	Surfactant to increase activity of select herbicides
	Spreader® 90	Surfactant to increase activity of select herbicides
