

NATIVE MIXES

TECH SHEET

SHORT & SHOWY GRASS AND WILDFLOWER MIX

Short & Showy Grass and Wildflower Mix is a low maintenance mixture of native grasses and wildflowers that works well on most sites. This mix will grow up to around 2.5' in height and provides color throughout the growing season. The low maintenance durability of this mix makes it a perfect fit for every site from a steep shoreline to a back lot or property border.

MIX RATIO

24% Little Bluestem
21% Sideoats Grama
7% Black Eyed Susan
7% Plains Coreopsis
7% Western Yarrow
7% Blue Grama
4% Prairie Coneflower
4% Prairie Junegrass
3% Foxglove Beardtongue
3% Purple Prairie Clover
3% Virginia Wildrye
10% Others

None of the following exceed 2% of the Total Mixture Weight: Blanketflower, Blue Flax, Heath Aster, Lance-Leaved Coreopsis, Ohio Spiderwort, Purple Coneflower, White Prairie Clover, Sand Dropseed

Specialist Establishment Tip: In all native mixes, you often won't see a mature species during the first season. Weed management and upkeep should be the number one priority during the first year. To give this mix a boost a reduce erosion during establishment, we added QuickGard Sterile Triticale to the mix.

*These amounts are based on percentage of population
Comparable substitutions may be necessary depending on species availability

AGRONOMICS

Seeding Rate	15 lbs/acre
Seed per sq. ft.	57.3
Seeding Instructions	<ul style="list-style-type: none">• If broadcasting seed, multiply the seeding rate times 1.5• If used in a commercial application, multiply the seeding rate times 2• Available in 5 lb bags pre-mixed with mulch to cover 1,000 sq. ft.
