

SINGLE SPECIES

TECH SHEET

BARLEY

Barley is a cool season annual grain crop. You will find both 2 row and 6 row barley. 2 row barley is generally the more preferred option for malting qualities, where 6 row is generally more preferred for grain yields and feeding qualities. Barley is also commonly used as a cover crop or in cover crop blends.

AGRONOMICS

	Cool Season Annual
Bushel Weight	48 lbs
Seed Count	14,000 seeds/lb
Seeding Rate	2 bushels/acre
Seeding Depth	1 inch
