

ALFALFA

FINAL ANSWER 4

- Very high yield with excellent persistence
- Extremely adaptable with a great agronomic package

Final Answer 4 is a yield leader with exceptional winter hardiness and disease resistance. Sunken crowns and high degree of branch root expression provide excellent traffic tolerance. Final Answer 4's trait package allows for placement with performance across a wide range of management systems and a huge geography.

AGRONOMICS

Package Size	50 lb bag
Fall Dormancy	4.3
Winter Survival	1.7
