

ALFALFA

SURVIVORPLUS 3.5

- High performing multi-leaf blend with great yield and longevity
- Very adaptable and drought hardy

SurvivorPlus 3.5 is an alfalfa blend that performs well across a wide range of growing conditions. Great persistence makes SurvivorPlus an excellent solution in 2-3 cut systems that use a longer rotation interval and rely on stand longevity with less intensive management.

AGRONOMICS

Package Size	50 lb bag
Fall Dormancy	3.0
Winter Survival	2.0
Forage Yield	8
Forage Quality	Good
